

The Carpenter's Hands are called by Jesus Himself, being the cornerstone, to be His hands extended to the needy across the world by building of orphanages, medical centers, schools and churches. While others are called to speak with their mouths the message of the love of Jesus and His saving power, our message is spoken through the work of our hands.

OCTOBER 2006

Volume 2 Issue 2

THE CARPENTER'S HANDS

Aguadulce, Panama

There is a need for a church to be built in Aguadulce, Panama. Two board members from The Carpenter's Hands visited Pastor Luis in Aguadulce. He is the pastor of 120 people. They are presently meeting for their church services under a tree. They are in need of a church. We talked to Pastor Luis in length about his vision and the people of his church. He wants to provide the children of Aguadulce with one hot meal a day. For some of these children it may be the only hot meal they get for the day. After talking with Pastor Luis the board of The Carpenter's Hands believes he is a man of God and will do all he can for the people and the children of Aguadulce. The Carpenter's Hands would like to build the church. The total cost of the land and materials for the church will be \$65,000 - \$70,000. We need your help for this project. All contributions will be used 100% for the purchase of the land and building materials. A building team will be going to Aguadulce to build the church early next year. Please write in the memo section of your check, Panama, and this will be designated to the Aguadulce church.

Kampala, Uganda

A board member also visited Kampala, Uganda. We were contacted about a need for an orphanage in Kampala. The area that was selected for the building was too small, however God supplied another location which is large enough to take care of all the needs of the project. The cost of this project will be \$75,000. All of the proceeds for this project will be used 100% for the purchase of the land and building materials. Please write in the memo section of your check, Uganda, and this will be designated to Kampala orphanage.

It looks to be a busy year for The Carpenter's Hands but we know that God will provide the funds necessary and the teams for the building projects. God always knows who will go on the building team and how much time there will be to build the project and it is always accomplished. He goes before us and lays the groundwork. We are only the hands that are guided by Him to complete His work. Thank you for all of your support in continuing the mission that God has laid before us. Please send your donations to The Carpenter's Hands, PO Box 975, Franklin, NC 28744.
